## Complaints Policy

**School's Vision: education for life in all its fullness ( John 10 -10)**

**We strive to create a learning community that educates all children for life in all its fullness by providing them with a broad and engaging curriculum with opportunities for deep reflective learning where they can apply their skills and knowledge. We will work with children and parents to develop and holdfast to the Christian values of honesty, friendship, responsibility, perseverance, forgiveness and trust, in order to help children make good choices about their lives. The learning of these values is used to develop self-worth, celebrate diversity and difference, promote good moral attitudes, and provide children with the opportunity to reflect on life and its spiritual dimensions through a wealth of experiences.**

### Section One:

#### Policy Statement

The school is an organisation with a Christian foundation. The ethos, values and relationships of the school, are central to upholding the values of the foundation. Constructive working relationships are important to the success of the school and in recognition of this it is committed to resolving differences as quickly as possible and finding workable solutions for identified problems.

The school expects all concerns and complaints to be taken seriously and to be investigated and dealt with efficiently and sensitively.

#### Purpose and Scope:

This policy is intended to provide guidance about the process for dealing with concerns or complaints raised by anyone about the operation of the school. The following policy sets out the procedure that the school follows in such cases. A copy of this policy is available on the school website.

#### Aims and objectives:

The school aims to be fair, open and honest when dealing with any concerns or complaints giving them careful consideration and dealing with them as swiftly as possible. The aim is to resolve any complaint through dialogue and mutual understanding and in all cases putting the interests of the child above all other issues.

#### Child Protection:

**If the complaint concerns a child protection issue or involves an allegation of abuse by a member of the school staff, the named person responsible for child protection matters at the school should be informed and safeguarding procedures followed.**

#### The Complaints Procedure

#### General Principles:

This procedure is intended to allow anyone, including members of the public, to raise a concern or complaint relating to the school, or the services that it provides, unless separate statutory provisions apply (such as exclusions or admissions).

**An anonymous concern** or complaint will not be investigated under this procedure, unless there are exceptional circumstances.

To enable a proper investigation, concerns or complaints should be brought to the attention of the school as soon as possible. In general, the school will not consider any complaint raised more than 28 days after the event.

Complaints need to be considered, and resolved, as quickly and efficiently as possible using time limits published in this policy. However, where further investigations are necessary, new time limits can be set and the complainant sent details of the new deadline and an explanation for the delay.

## **Concern**

A concern can be defined as an expression of a worry in respect of the school. A matter should be viewed as a concern if it is capable of being resolved locally and does not require a formal response.

## **Complaint**

A complaint can be defined as an expression of dissatisfaction with the school which requires a formal response.

The school will deal with any matter as a complaint when the person raising the matter requests the matter to be dealt with as a formal complaint

*or*

when informal attempts to deal with the concern have been exhausted and the person who raised the concern remains dissatisfied.

## **Raising a concern or complaint**

### **Stage 1 - Informal Procedure**

It is normally appropriate to communicate directly with the member of staff concerned, or the Headteacher if the concern is about any member of staff. This may be by letter, e-mail, telephone or in person by appointment. Many concerns can be resolved by simple clarification or the provision of information and it is anticipated that most concerns or complaints will be resolved by the informal stage.

In the case of serious concerns it may be appropriate to address them directly to the Headteacher (or to the Chair of the governing body, if the concern or complaint is about the Headteacher or a governor).

If there is uncertainty about who to contact, then advice may be sought from the school office or Clerk to the governing body.

## **Procedure for dealing with concerns**

The teacher, Headteacher or Chair will endeavour to resolve the concern informally. During the course of any investigation they may invite a third party in to observe any relevant meetings. Any member of staff complained about will be kept fully informed of the content of the complaint and will be given an opportunity to explain their actions. During this period the person raising the concern will be regularly updated as to the progress of the investigation.

## **Stage 2 - Formal Procedure (How to take the matter further)**

If the concern is not resolved at the informal stage, or the concern is of a sufficiently serious nature, a formal complaint should be made in writing using the **Complaint Form**. This should be addressed to the Headteacher, who will be responsible for ensuring that it is investigated appropriately. The form should be sent to the Clerk to the Governing Body, for the attention of the Chair, if the complaint is about the Head Teacher or a governor. If the complaint is about the Chair, it should be sent to the Clerk who will pass it on to the appropriate person.

A written acknowledgement will be provided to the complainant within 5 school days of receiving a complaint. If a complaint is received during the school holidays, acknowledgement will be within 5 school days of the start of the new term. The acknowledgement will give a target date for providing a response to the complaint which should normally be within 10 school days.

When the investigation has been concluded all parties concerned will also be informed of the outcome.

**If no further communication is received from the complainant within 10 school days it is deemed that the complaint has been resolved and should end.**

## **Stage 3 – Review Process**

Complainants who are not satisfied may make representation to the Governing Body requesting a review of **the process** followed by the school in handling the complaint. A request must be made in writing to the Clerk to the Governing Body using the **Review Request Form**. This must be done within 10 school days of receiving notice of the outcome of the complaint, and include a statement specifying any perceived failures to follow the procedure.

The Chair of Governors will inform the Governing Board when a complaint review request is received. The Chair will ensure that a panel is set up to hear the complaint review.

The review panel will consist of at least three people who were not directly involved with the matters detailed in the complaint. The panel **must include one person who is independent of the management and running of the school**. The review panel will appoint a clerk/note taker to keep a written record of proceedings.

The Clerk/note-taker will write to the complainant, acknowledging the review request within 5 school days and informing the complainant of the arrangements for undertaking the review, which should take place within 10 school days of writing to the complainant. The review panel will normally consider written submissions, but will sympathetically consider any reasonable requests to make oral representations. Should this be the case the panel will ensure that the review is heard in private, and the complainant informed they may be accompanied to the meeting by a friend/interpreter if they wish.

The panel will receive written evidence from the complainant of perceived failures to follow the procedure. The panel will invite representatives of the school (usually the

Headteacher or the Chair of the Governing Body that originally considered the matter), as appropriate, to make a response to the review request.

The panel may also have access to the records kept of the process followed. The complainant, where relevant the person complained about, the school representatives and the Chair of Governors will be informed in writing of the finding of the review and any recommendations, usually within 5 school days of the panel meeting. If the review panel decides that due process has not been followed they may consider a number of outcomes. The panel may decide to:

- dismiss the complaint in whole or part;
- uphold the complaint in whole or part;
- decide on appropriate action to resolve the complaint;
- recommend changes to the school's systems and procedures

The review panel is the last school-based stage of the complaints process, and the outcome must be reported to the governing body. The findings and recommendations must be made available for inspection on the school premises by the Headteacher and governors.

**The matter will then be closed as far as the academy is concerned.**

### **Secretary of State**

If a complainant is reluctant to accept the outcome of the process, and believes the school has acted unreasonably or unlawfully in handling the complaint, then they may make representations to the Secretary of State for Education.

The Secretary of State's powers are delegated to the School Complaints Unit (SCU). The SCU will only consider cases in which the governing body has acted unlawfully or unreasonably. It will only overturn a decision in extreme circumstances. If it decides that a school has not followed its published procedures it has the power to direct that the process is re-visited.

### **Persistent or serial complaints**

The following criteria may be applied in deciding whether a complaint is persistent or serial and potentially vexatious:

- All reasonable steps have been taken to address matters
- A clear statement has been provided of the school's position
- The school is being repeatedly contacted with the same points being raised
- The school has reasonable grounds for believing that the intention is to cause inconvenience
- Communications are aggressive in tone or content. Abusive, derogatory and/or threatening comments are made

Should the complainant continue to make contact on the same issue the Chair of Governors has the power to inform them that the process is complete and the matter is therefore closed.

## **5. Monitoring and review**

The Governors monitor the Complaints Procedure, in order to ensure that all complaints are handled properly. The Headteacher logs all formal complaints received by the school and records how they were resolved. **Governors examine this log on an annual basis.**

The Governors will take into account any local or national decisions that affect the complaints process, and make any modifications necessary to this policy. The school Governors will review this policy every three years or more often if necessary. **The governors will formally adopt this policy every three years.**

## **Section Two: Complaints Guidance**

### **Investigating Complaints**

The person investigating the complaint will make sure that they:

- establish what has happened so far, and who has been involved;
- clarify the nature of the complaint and what remains unresolved;
- meet with the complainant or contact them (if unsure or further information is necessary);
- clarify what the complainant feels would put things right;
- interview those involved in the matter and/or those complained of, allowing them to be accompanied if they wish;
- conduct the interview with an open mind and be prepared to persist in the questioning; and
- keep notes of the interview.

### **Resolving Complaints**

At each stage in the procedure the person attempting to resolve the complaint will keep in mind ways in which a complaint can be resolved. It might be sufficient to acknowledge that the complaint is a valid complaint (in whole or in part) without admitting liability. In addition, it may be appropriate to offer one or more of the following:

- an apology;
- an explanation;
- an admission that the situation could have been handled differently or better;
- an assurance that the event complained of will not recur;
- an explanation of the steps that have been taken to ensure that it will not happen again; and
- an undertaking to review school policies in light of the complaint

At all stages 1 – 3 those hearing the complaint will attempt to identify areas of agreement between the parties, and to clarify any misunderstandings that might have occurred in order to create a positive atmosphere in which to discuss any outstanding issues.

### **Responsibilities of the Governing Body**

The Governing Body will monitor the nature of complaints and review the outcomes annually or earlier if so determined by the Chair.

The Governing Body will publicise the complaints policy and procedure on the School website and ensure that information relating to the policy is given to all new parents when their children join the School.

The Local governing body will adopt the policy every 3 years.

## Ensure that accurate records are kept

- Notes of meetings held and of telephone conversations should be attached to the record
- Consideration should be given to recording conversations in situations where there are communication difficulties. (Permission must be sought from all parties involved)

**All stages** of the process should be documented in a single file held centrally by the person designated as the complaints co-ordinator (this could be the headteacher)

**All such records** are subject to the Freedom of Information and Data Protection Acts. Content should therefore be factual and objective.

A written record will be kept of all complaints, and any action taken by the school as a result (regardless of whether they are upheld). This applies whether they are resolved following a formal procedure (Stage 2) or proceed to a review panel (Stage 3). All correspondence, statements and records relating to individual complaints are to be kept **confidential** except where the Secretary of State or a body conducting an inspection requests access to them.

## Be informed by the 'need to know' principle

Concerns are sometimes brought to a governor in the first instance. Governors need to understand that they should advise the person to follow the procedure set out in the school's complaints policy. Governors should not act unilaterally on an individual complaint outside the formal procedure. The Chair should be advised that this procedure has been followed without providing details of the substance of the potential complaint. This ensures that the governor concerned does not play any part in any subsequent investigation. It is essential to prevent governors becoming aware of the details of a complaint. Otherwise they may become 'compromised' and this would cause difficulties at later stages of the complaints procedure.

It is important to note that individual complaints **must not** be heard by the whole Governing Body at any stage, as this could compromise impartiality. Should a concern be shared with the entire governing body, arrangements should be made to convene an independent panel via the Chair of Governors.

## Staff Complaint

If a member of staff wishes to make a complaint (in their capacity as an employee) should be investigated using the Grievance Procedure and not the Complaints Policy.

## Does this complaints procedure cover all provision?

The DfE's advice identifies areas lying outside the scope of academy procedures.

### Exceptions:

Admissions to school  
Statutory Assessments of SEND  
Matters likely to require a Child Protection investigation  
School re-organisation proposals  
Exclusions from school

### Contact:

Local Authority

Parents/Carers may use procedures to challenge permanent exclusions of 5 days or more in a given term

Whistleblowing:

*Please see separate School Whistleblowing Policy*

Staff grievances and disciplinary procedures

*Please see separate school policy*

Complaints about services  
Provided by external bodies  
Using school's premises or facilities

*Providers should be contacted separately and should have their own procedures for such eventualities*

## **Guidance for school governors when conducting/commissioning an independent review/investigation as part of the complaints procedure**

It may be necessary as part of the school's complaint procedures to commission an independent review or investigation, especially if governors have too much knowledge of the complaint and therefore cannot investigate the matter in an open, transparent and fair manner. This paper lays out some points to be considered when setting up the review or investigation.

The school's complaints policy is a key document in this process. In addition, the Department for Education's document – *Best Practice advice for School Complaints Procedures*, published in January 2016 – provides some helpful information:

[www.gov.uk/government/publications/school-complaints-procedures](http://www.gov.uk/government/publications/school-complaints-procedures).

### **Points to consider:**

Be clear that the complaints coordinator (head/chair/other staff member or governor) manages the review/investigation process

Select an appropriate independent reviewer/investigator –the local authority and the education team at the Diocese will be good sources of advice

Be clear about the costs involved

Provide the reviewer/investigator with clear guidance on

- the focus of the review/investigation and the specific points that need to be covered and reported on
- the nature of the documentation/report that is to be produced, for example - are recommendations required, are specific questions to be answered. The report should be impartial, non-adversarial and the language used should be plain and simple to understand. It should address all the points at issue and provide an effective response.
- the documentation that is required at the end of the review
- who to send the draft report to
- who "owns" the report

Ensure the reviewer/investigator is clear about who the report will be submitted to, once the review/investigation has been completed

Be precise about the circulation of the report – who will have access to it when it is completed?

Refer the reviewer/investigator to *Best Practice Advice for School Complaints Procedures* page 19 interviewing – best practice tips, and page 16 the role of the investigator

Ensure the reviewer/investigator keeps clear written notes of evidence/interviews etc., and that notes from meetings are agreed and signed by the interviewee.

Ensure the timescales of the process are set out clearly and link to the school's complaints procedure

Be clear with the complainant about timescales of the review/investigation and how the outcome of the report will be communicated to them

Ensure the complainant is advised promptly if there should be a delay to the review/investigation due to any complexities of the matter

Ensure the complainant understands what is likely to/may happen after the report is completed

Consider sharing the report with the Diocese before it is circulated, in order to gain an additional perspective on the report

Be aware that all documentation could be subject at some future date to a Freedom of Information or Data Protection request. Only write in all correspondence what can be evidenced and keep careful records.
